

Problem Statement

As policy makers....

“How can we improve SAT participation rates”

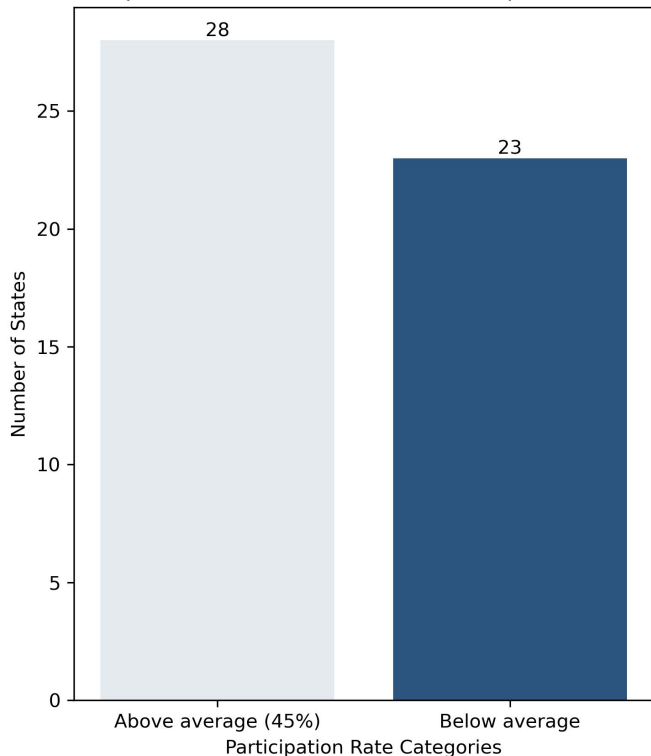

SAT Participation situation from 2017 - 2019

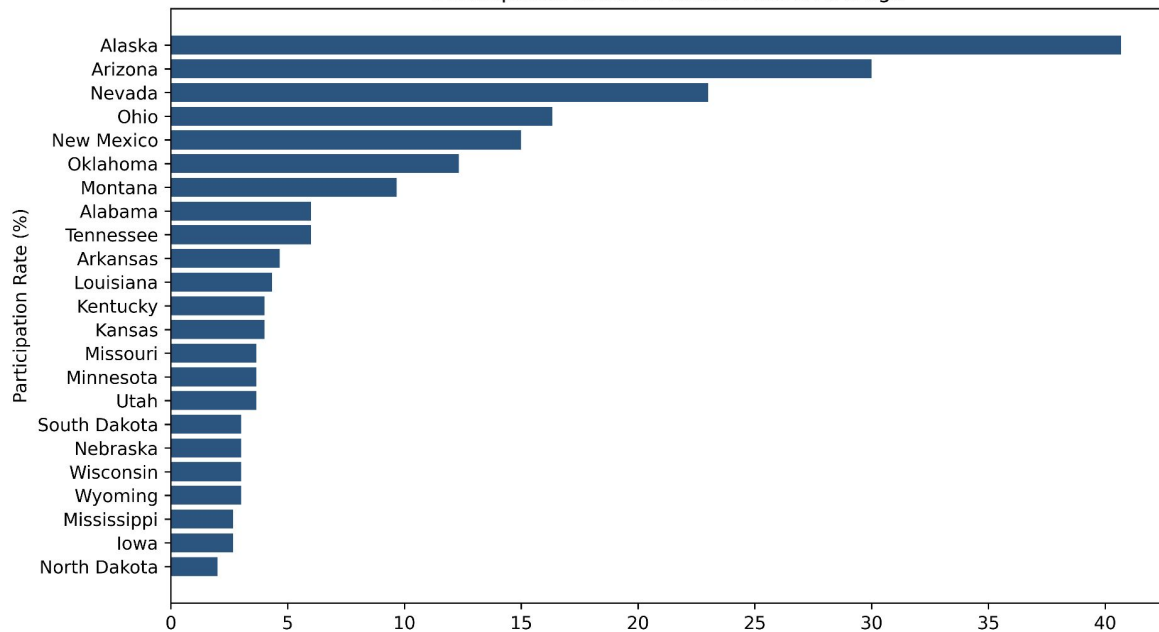

The trends seems going up.

Only 55% of state have SAT Participation Rate above the average

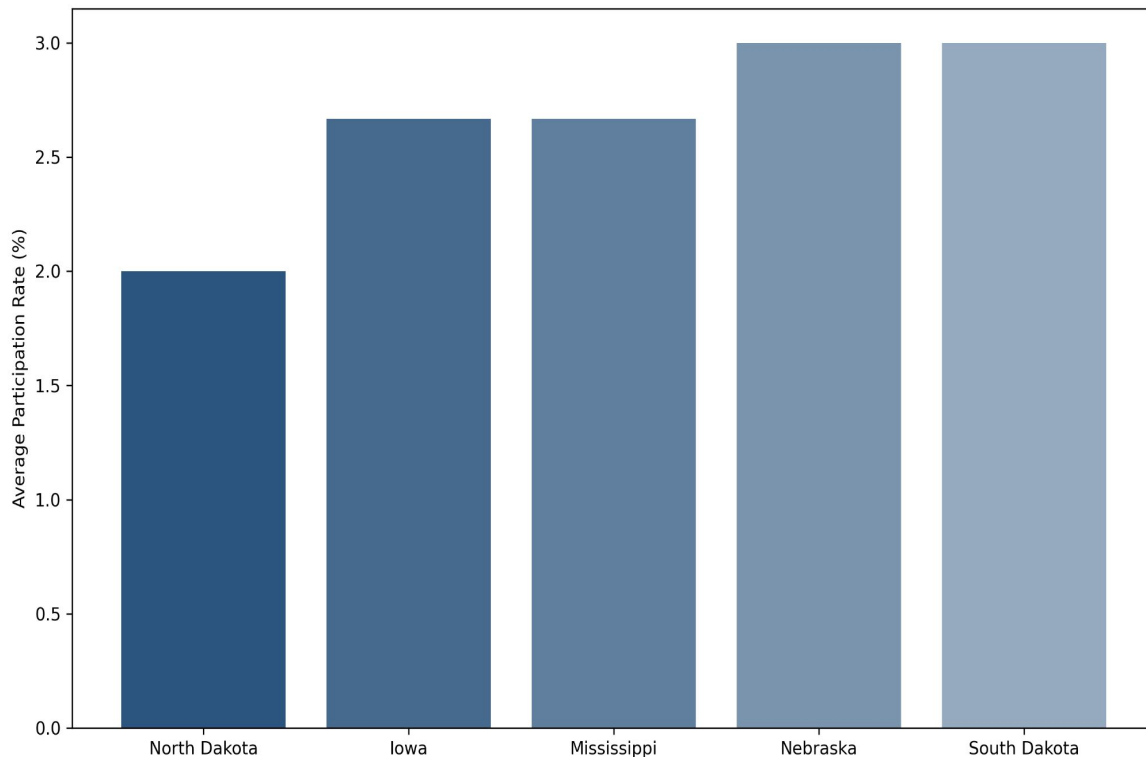

Proportion of States Based on Participation Rate

Participation Rates of States Below Average

Top 5 States with Lowest Average SAT Participation Rate

However, these states have a high participation rate in taking the ACT

After all that...what should we do?

Learn from the BEST
